**FOR IMMEDIATE RELEASE:**

### **ACHS Partners with the Oliverian School**

Ammonoosuc Community Health Services' Warren site is pleased to announce its partnership with the Oliverian School in Haverhill. The Oliverian School is an alternative boarding school that provides an inspiring, supportive, and challenging educational alternative for students in grades 9-12.

Being a student at a boarding school can present challenges in accessing health care away from home. ACHS will be working with the Oliverian School to bridge that gap. It will be the main site of care for the 2009-2010 school year. A health care professional will be at the school 1 day a month coordinated with the school nurse, in addition to students having access to critical health care needs at the ACHS-Warren site.

Founded in 1975, Ammonoosuc Community Health Services is a nonprofit community health center offering a network of affordable primary health services. Their programs promote and support the well-being of individuals and families by emphasizing preventive care and encouraging active participation in one's own health.

ACHS serves 26 New Hampshire towns in northern Grafton and southern Coos counties and has sites located in Littleton, Franconia, Whitefield, Warren and Woodsville. Clinical teams, made up of doctors, nurse practitioners or physician assistants supported by nurses and medical assistants, provide comprehensive services on a sliding fee scale to over 10,000 patients.

For more information about ACHS, visit [www.ammonoosuc.org](http://www.ammonoosuc.org) or call 444-2464. ACHS is accepting new patients, call the New Patient hotline at 1-866-201-5076.
